No Room, Fo(u)r Apologies(?)

So, two more witches just missed the
wrath of their mortal enemys
And now back to the main cast.....

After they contacted the DWMA,
the most awkward car ride ensued

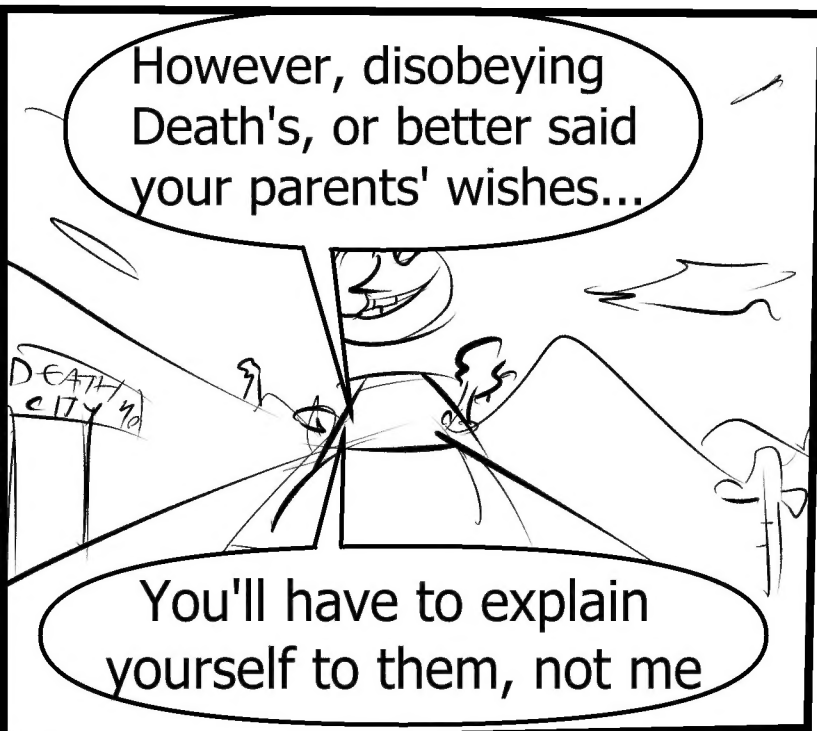

Ms Albarn
was succesfully
rescued, so
the mission is
acomplished

And I won't fault
you for missing
a flashy move

Or using dishonorable
verbal attacks

(like you are
doing right now?...)

However, disobeying
Death's, or better said
your parents' wishes...

You'll have to explain
yourself to them, not me

-you could atleast
have called!

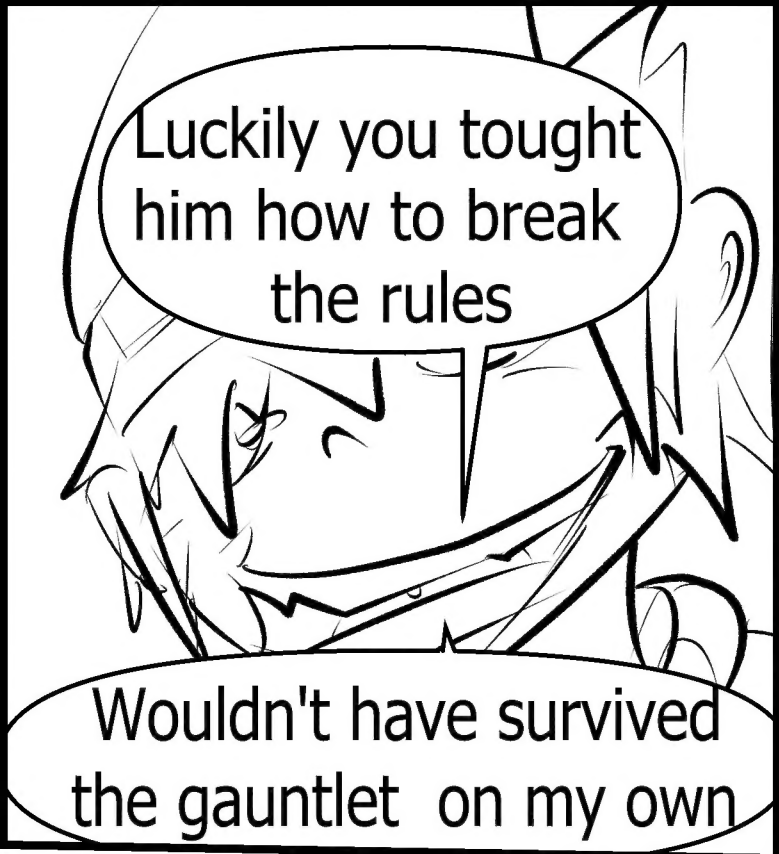

Wait

They didn't allow
you to go?

No...

Luckily you taught
him how to break
the rules

Wouldn't have survived
the gauntlet on my own

Even teach's help
wouldn't've been enough

Y-you would've,
I-I was just a danger
to myself and others,
acting out, what
if I had-

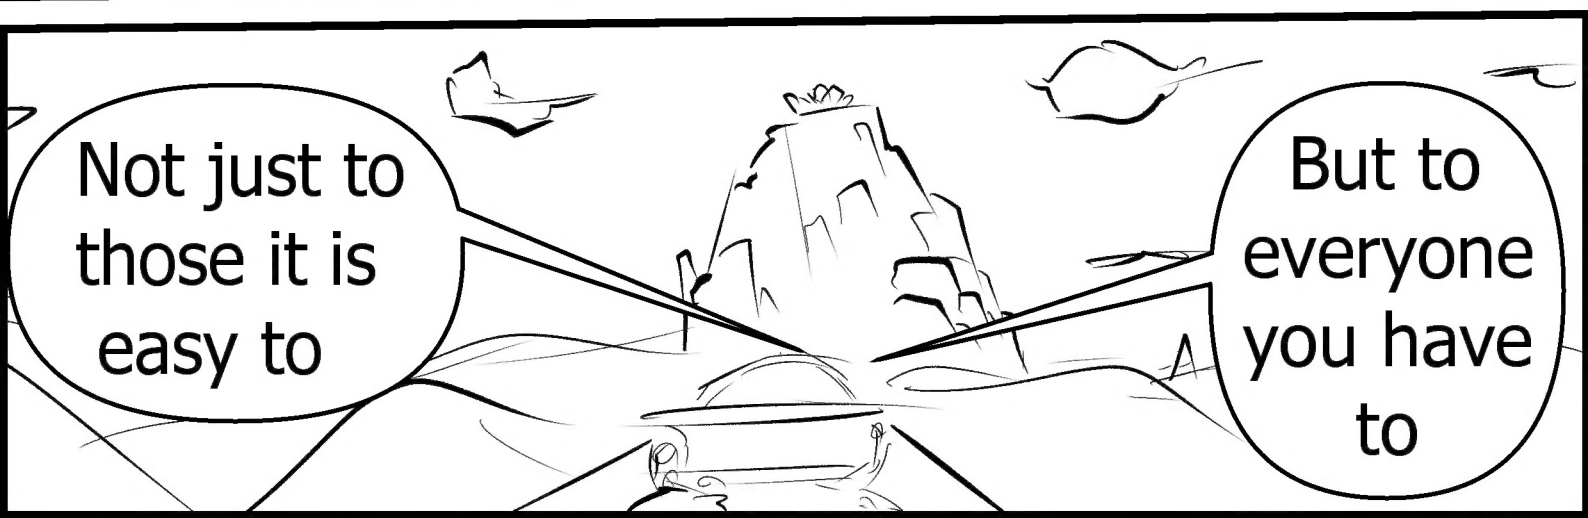

Teen
drama
again...

Look:

Instead of
worrying
about
hypotheticals

Apologise for
where your
fault actually
lies instead

Not just to
those it is
easy to

But to
everyone
you have
to

The death room...

I feared that
I wouldn't see
it again...

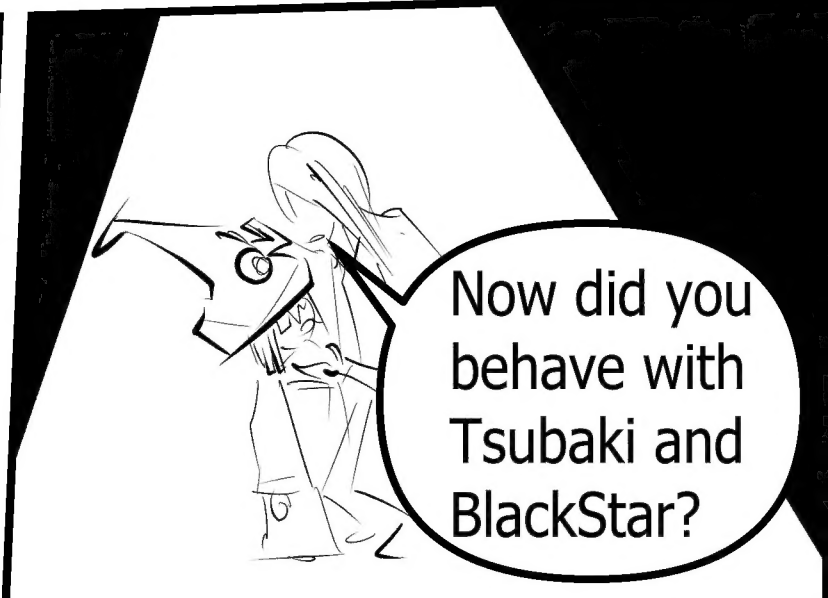

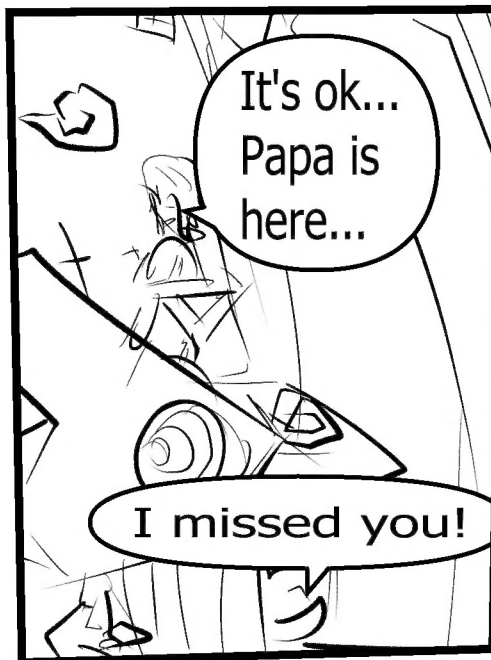

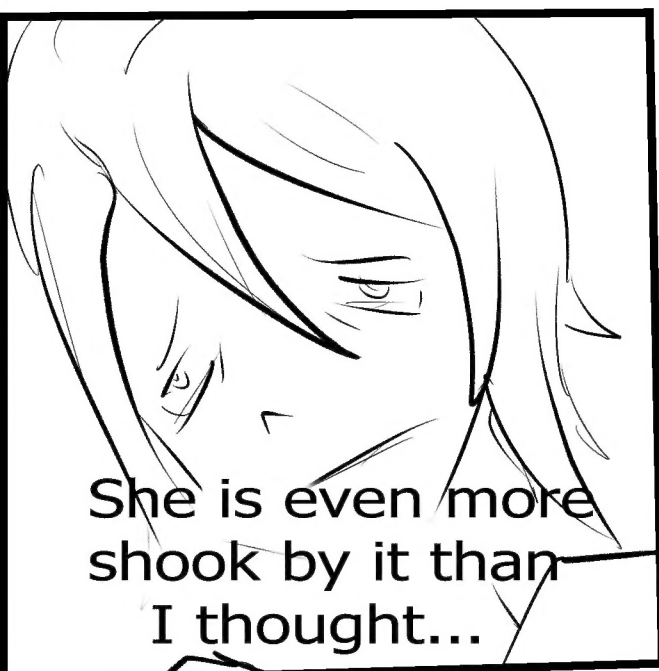

step*

*step

Maka!

Mifune
is back!

My goodnes!
Crona...

We baked cookies
with Tsu

and Blackstar
taught me
how to throw
ninja stars

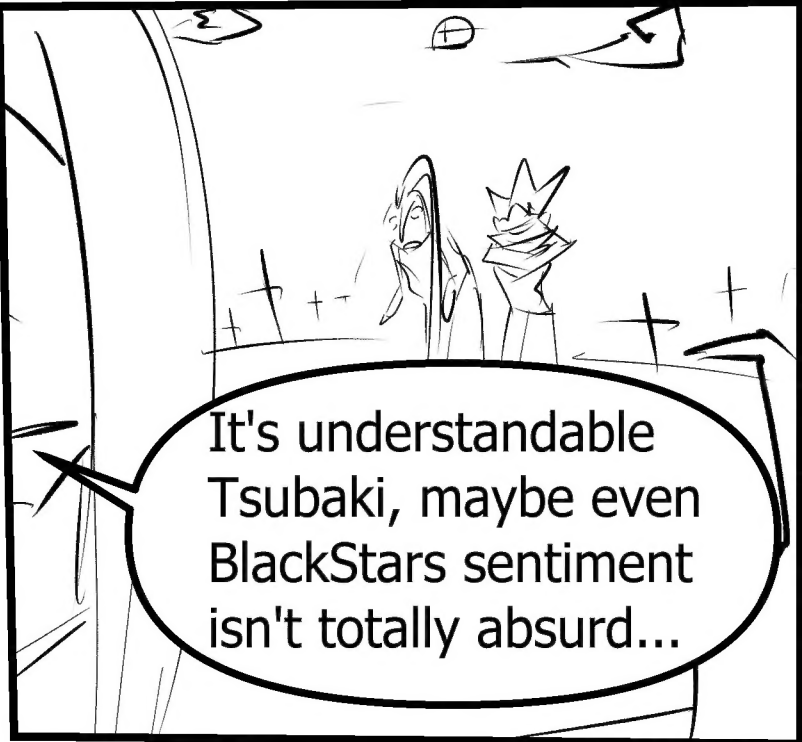

He did?

Haha,
yeah!
Self defense
starts from
a young
age!

I-I'm sorry Mr
Mifune-

Sorry for not
coming up
with such a great
idea before me!

It's understandable
Tsubaki, maybe even
BlackStars sentiment
isn't totally absurd...

Please Crona, promise
me to not do anything
so dangerous again!

I was so worried!

But now
I'm just happy
you are safe
and sound!

I-I thought
you would
be angry-

Of course
I am, but
that's not
as important
as:

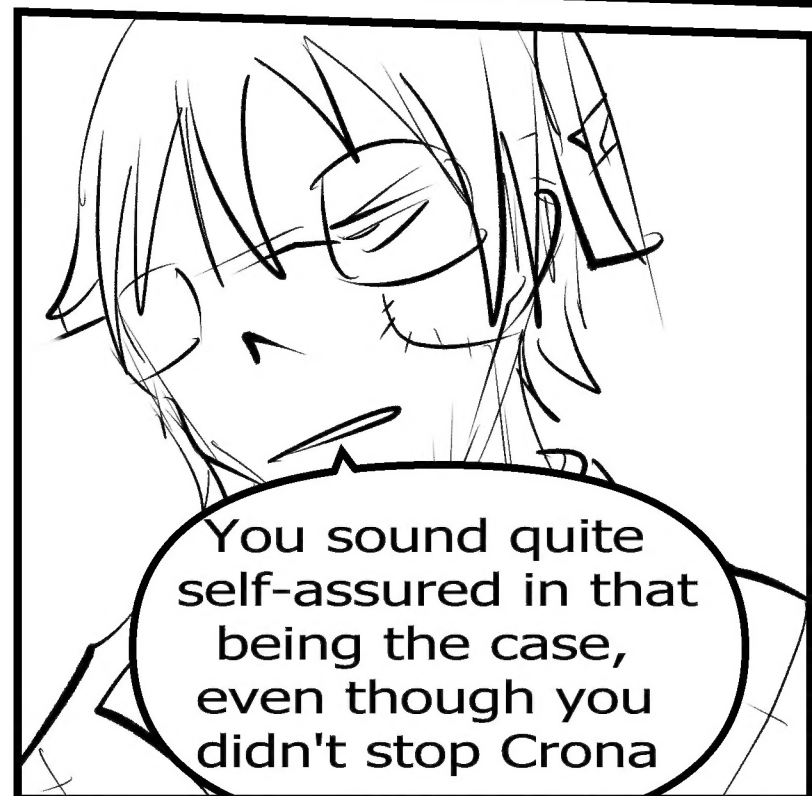

You being here right now...

Were is
Ragnarok, let
me give him
a hug to!

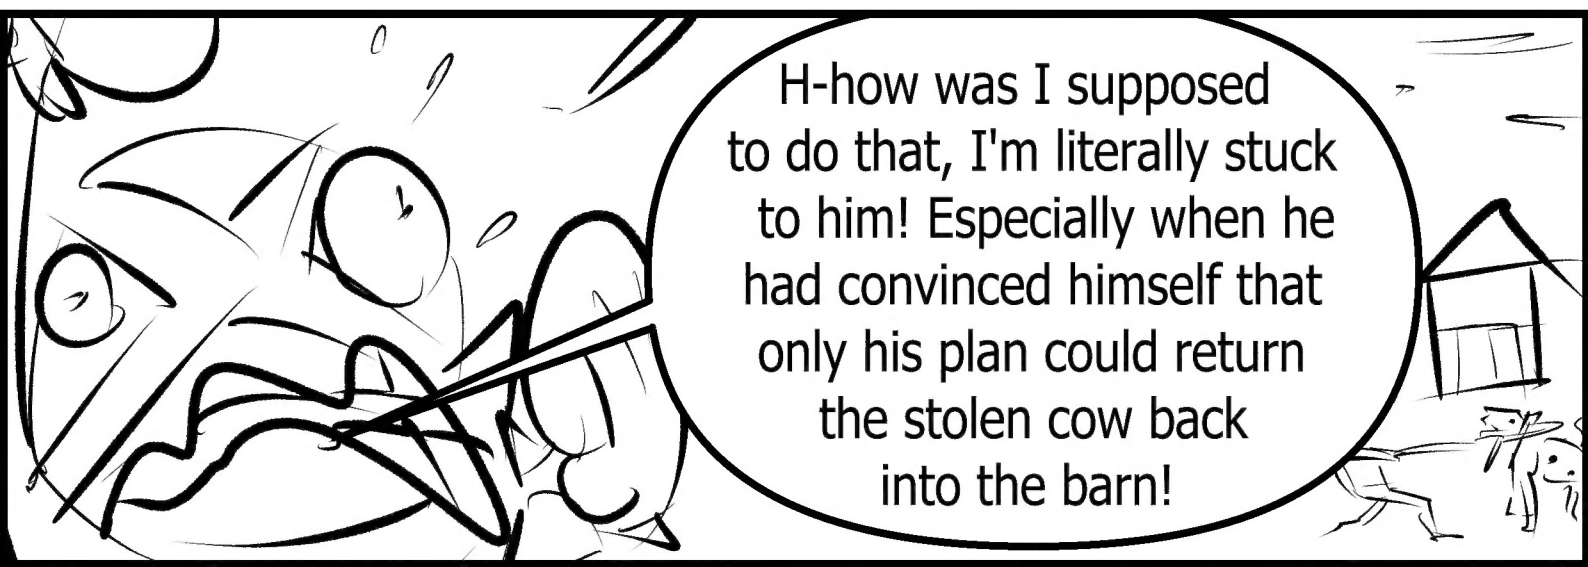

Haha
why
not!

Especially when
I'm not the one
who is in trouble!

You sound quite
self-assured in that
being the case,
even though you
didn't stop Crona

H-how was I supposed
to do that, I'm literally stuck
to him! Especially when he
had convinced himself that
only his plan could return
the stolen cow back
into the barn!

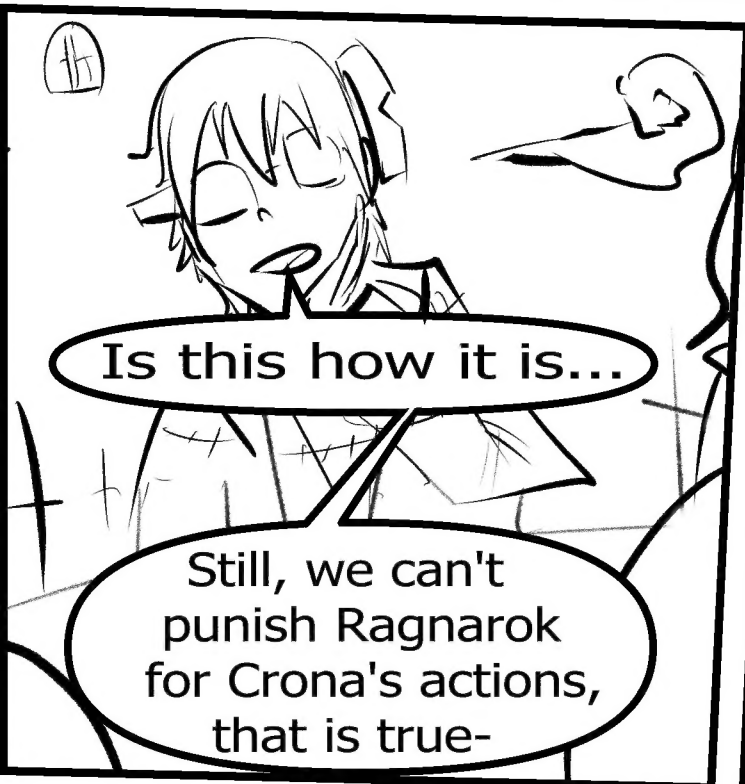

Hmm, it
is true that
your method
led to results,
you indeed
rescued Maka

But my plan was
at the end just an
excuse, I just wanted
to throw a tantrum

Shut up, don't
ruin my out
because of some
misplaced honesty!

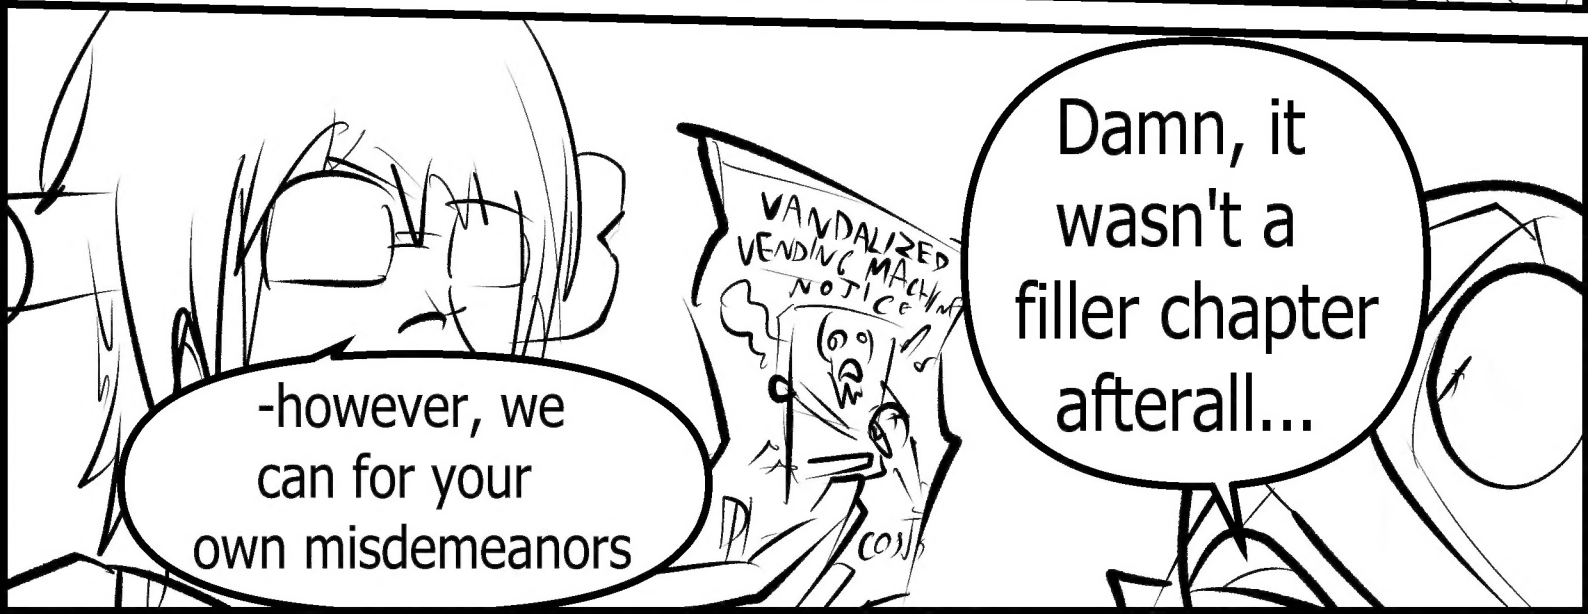

Is this how it is...

Still, we can't
punish Ragnarok
for Crona's actions,
that is true-

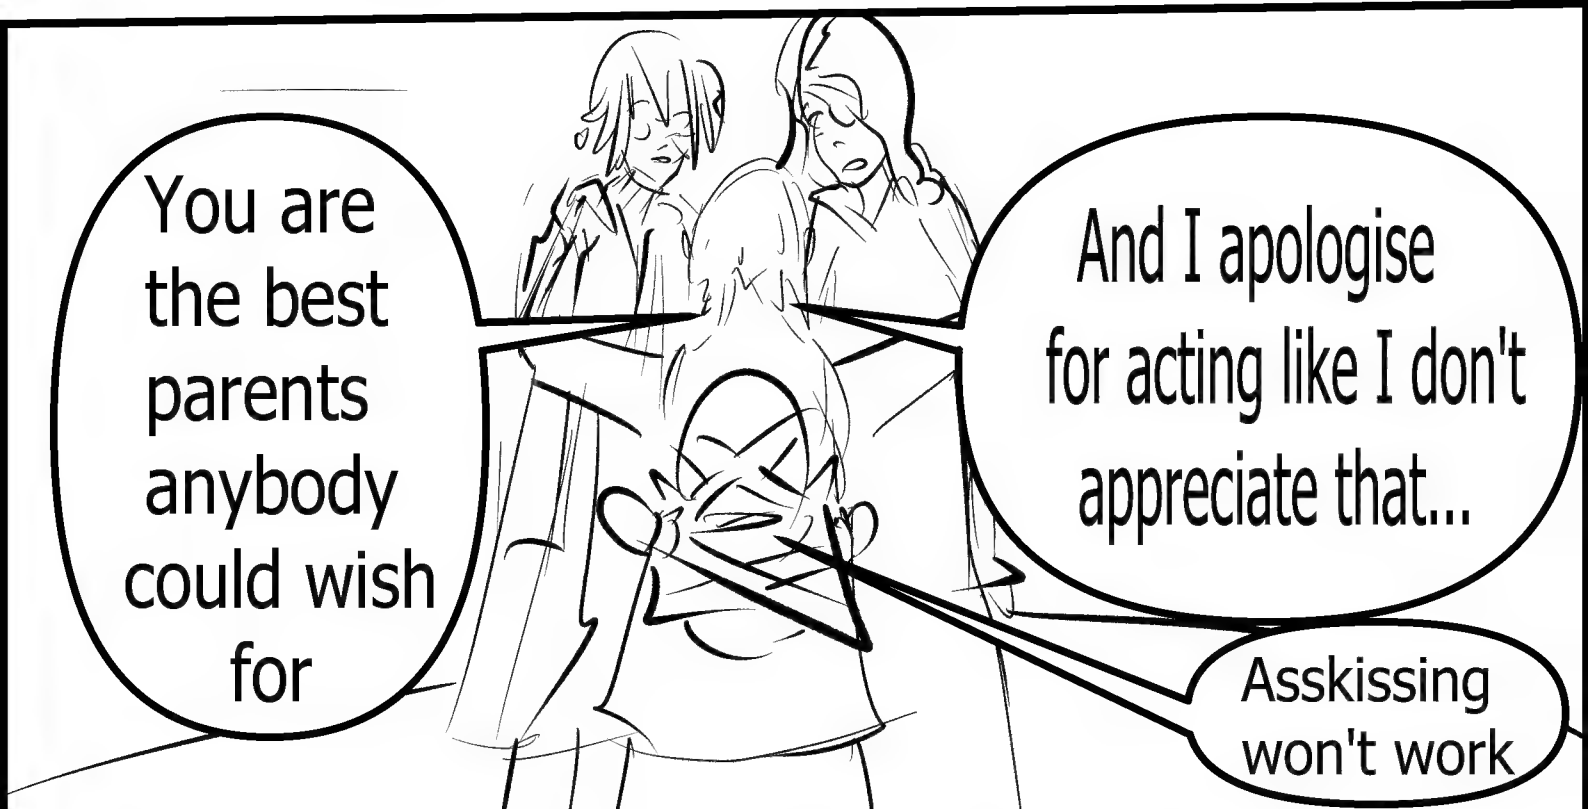

Pfuu, dodged a bullet,
sucks to be you Crona-

-however, we
can for your
own misdemeanors

Damn, it
wasn't a
filler chapter
afterall...

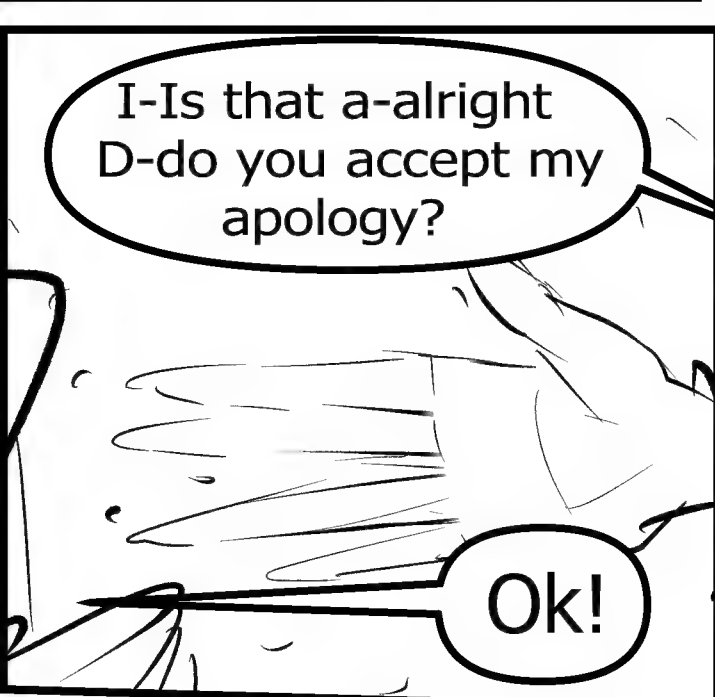

And there is
also somebody
else I have to
speak to...

A-angela

I am sorry
for pushing
you

It was not
ok for me to do,
and I will make up
for it in whatever
way you want

I-Is that a-alright
D-do you accept my
apology?

Ok!

Now we
are even,
witchboy!

Crona!

Kids will
be kids...

Let's hope
no surgery
is needed...

Haha, that's
settles any
doubts, Crona
is a real man,
yahoo!

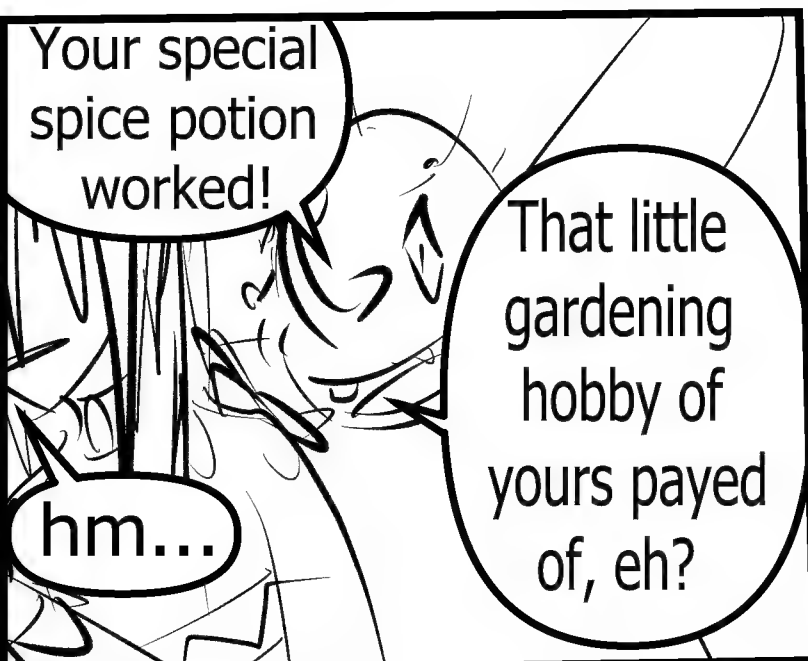

Guess
I deserve
this for what
I did to her
and to the
green haired
witch...

Atleast I
hope my
awful words
will be forgotten

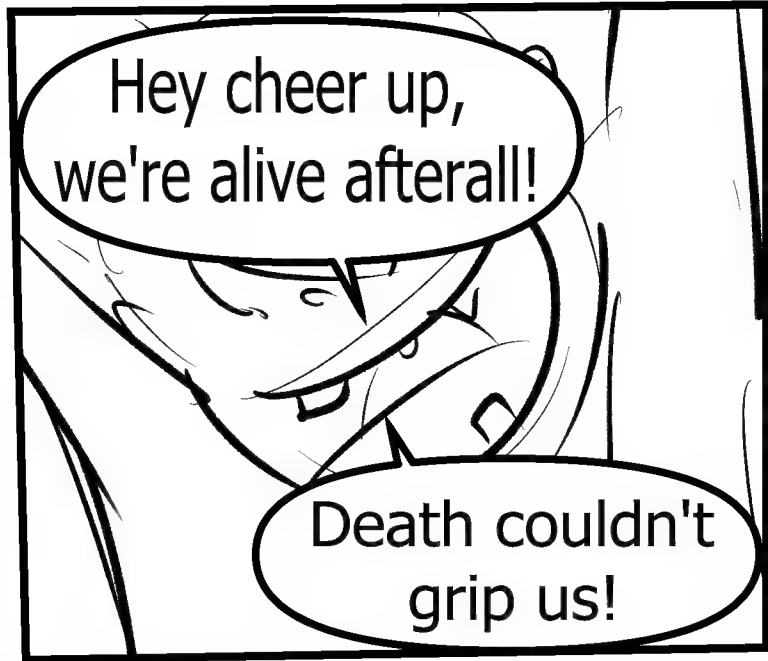

Haha, seems
I'm mostly
healed up!

Your special
spice potion
worked!

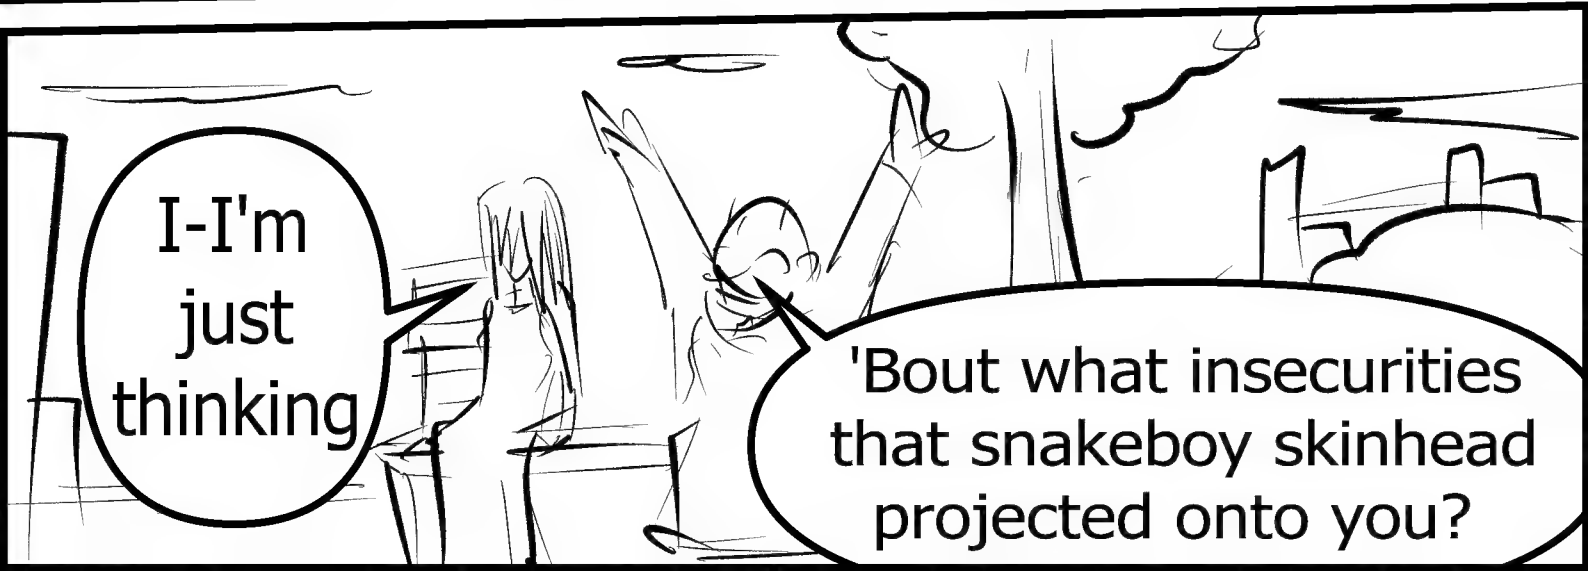

hm...

That little
gardening
hobby of
yours payed
of, eh?

Hey cheer up,
we're alive afterall!

Death couldn't
grip us!

I-I'm
just
thinking

'Bout what insecurities
that snakeboy skinhead
projected onto you?

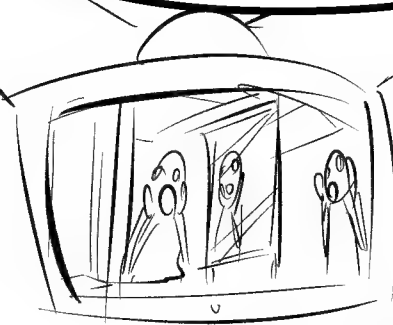

Projects?

You know the fancy way
for saying "I know what you
are but what am I:p?"

It's all the rage in
all these "psychological"
soap operas these days

I-is this how you
learned to deal
with the other
witches?

Haha, nah, I'm just
good at rolling with
the punches

Atleast some
of the time...

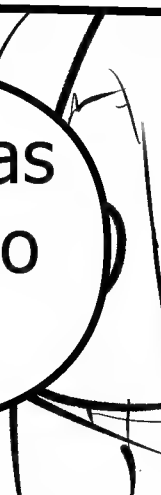

N-no you are
always strong

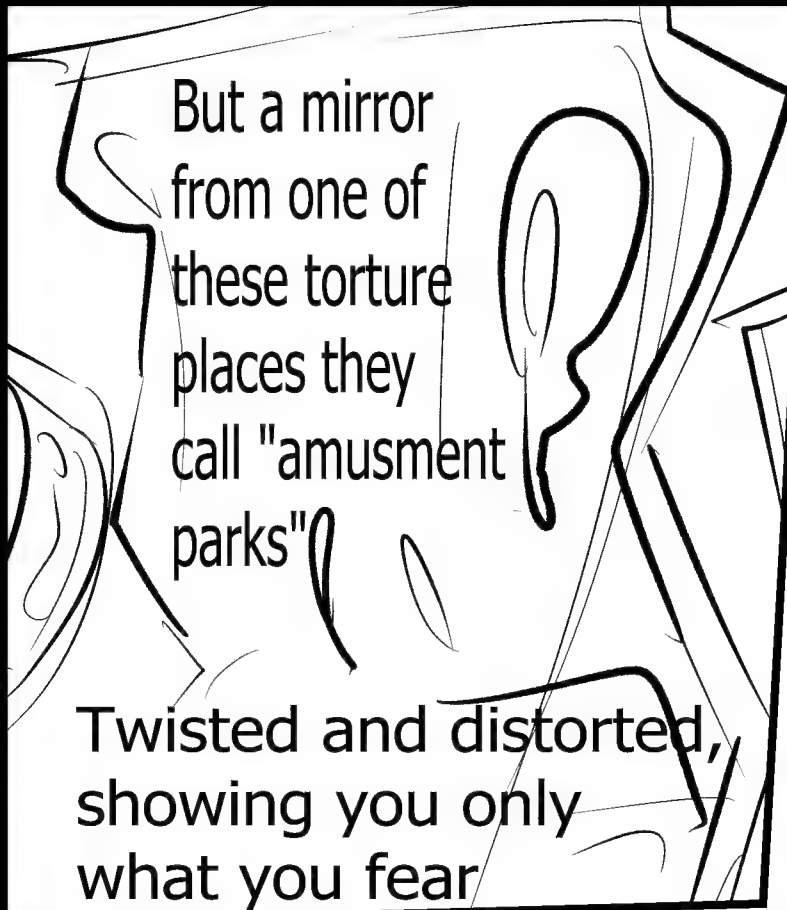

And I think you
are right about him:

All the horrible
things the boy said...
It was as if he was
talking about himself

As if he was
looking into
a mirror

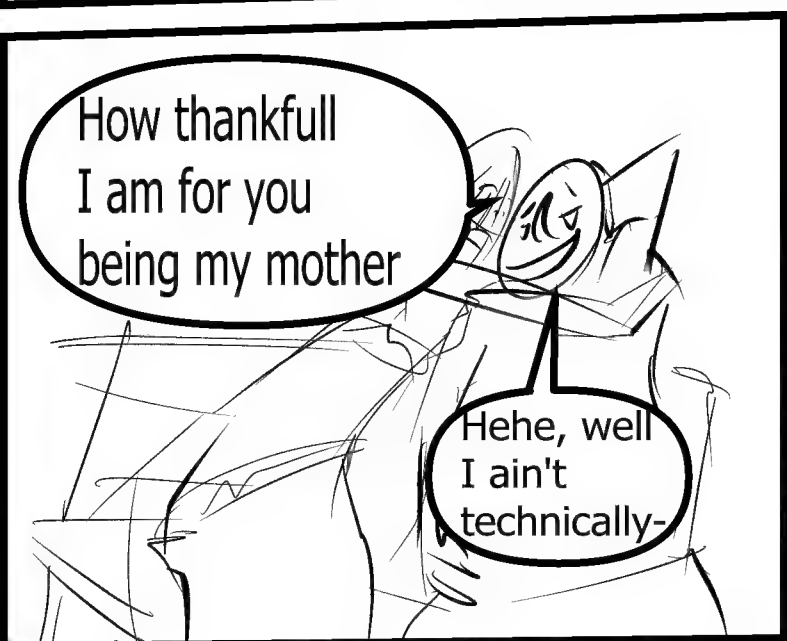

But a mirror
from one of
these torture
places they
call "amusement
parks"

Twisted and distorted,
showing you only
what you fear

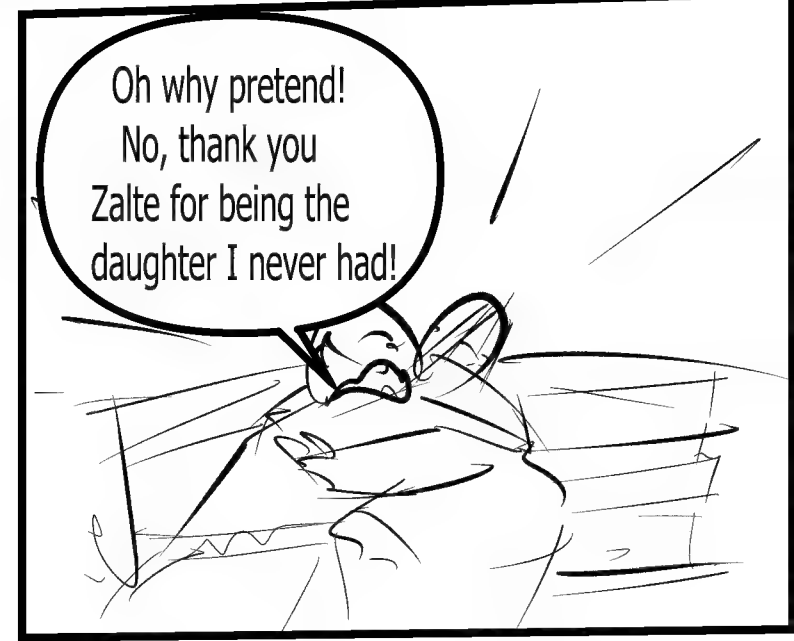

Still sometimes
even nightmares
can reveal you
something...

They helped
me realise...

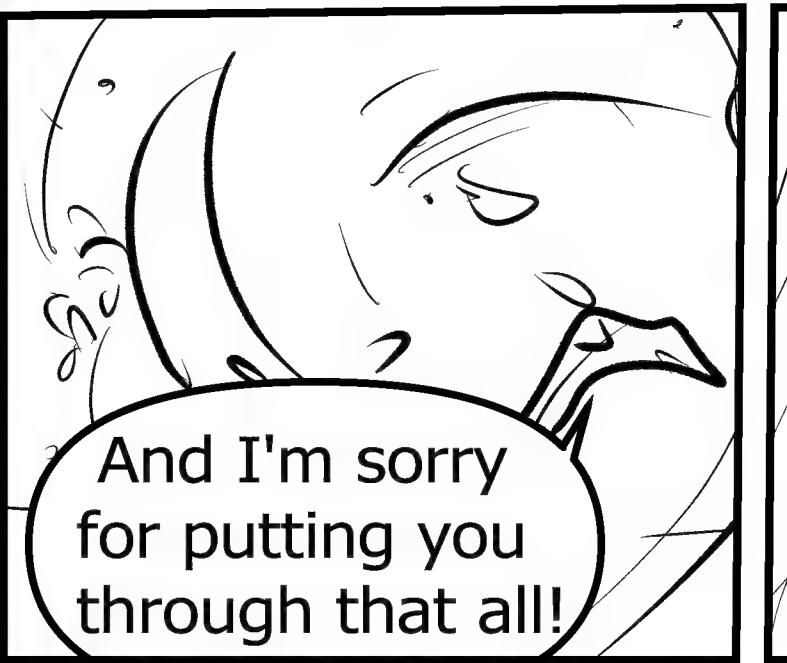

How thankfull
I am for you
being my mother

Hehe, well
I ain't
technically-

Oh why pretend!
No, thank you
Zalte for being the
daughter I never had!

And I'm sorry
for putting you
through that all!

I-I understand,
you did nothing
wrong and just
wanted the best
for me, but from
today...

I now know what I want to do!

Planting the
greatest garden!

Without hurting anybody else,
screw being "like a real witch"

Rejecting ancient norms...

Stomping on tradition
and culture...

All for your own
happiness:

Just like a real witch!

O-o re-really... y-yeah YEAH!

I raised you well
my daughter!

Now lets celebrate
with a marathon
of Beverly Hills Hilibilies,
Ninja and Cop!

Yeah hihi! I-If I
can find the keys
to my flat...

meanwhile...

Now it's time
for my rescue
operation!

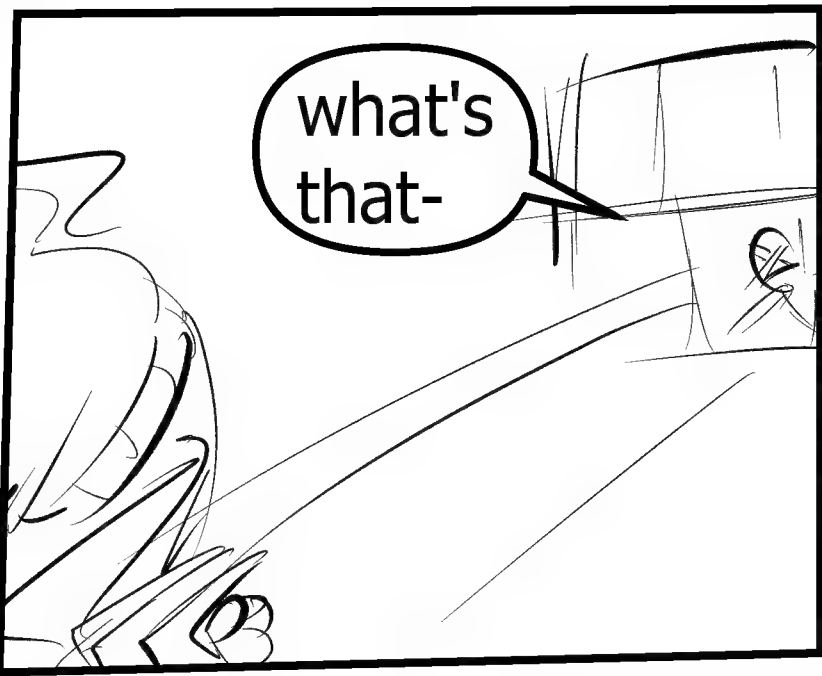

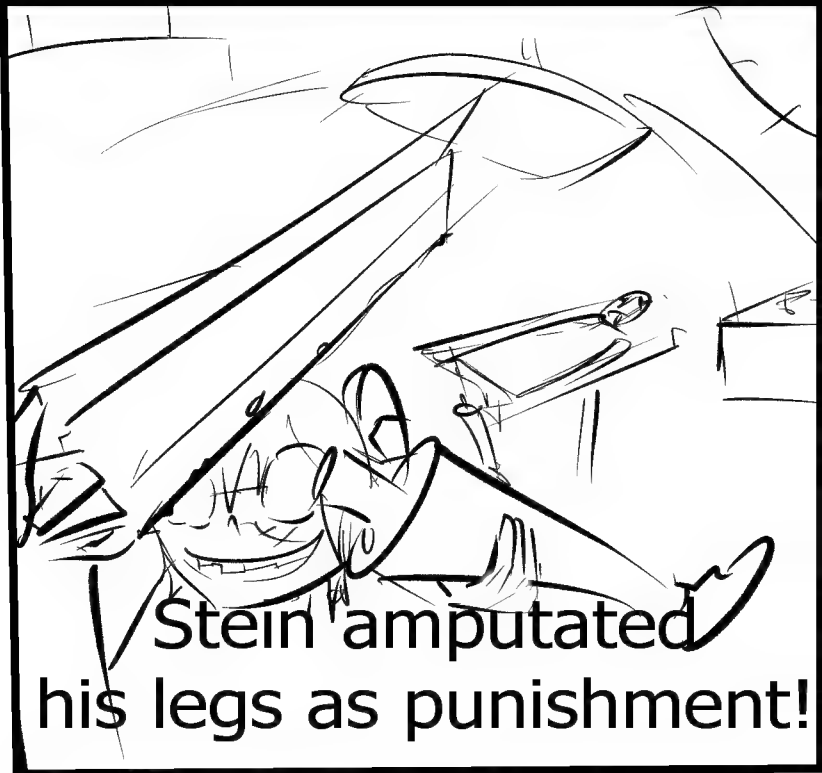

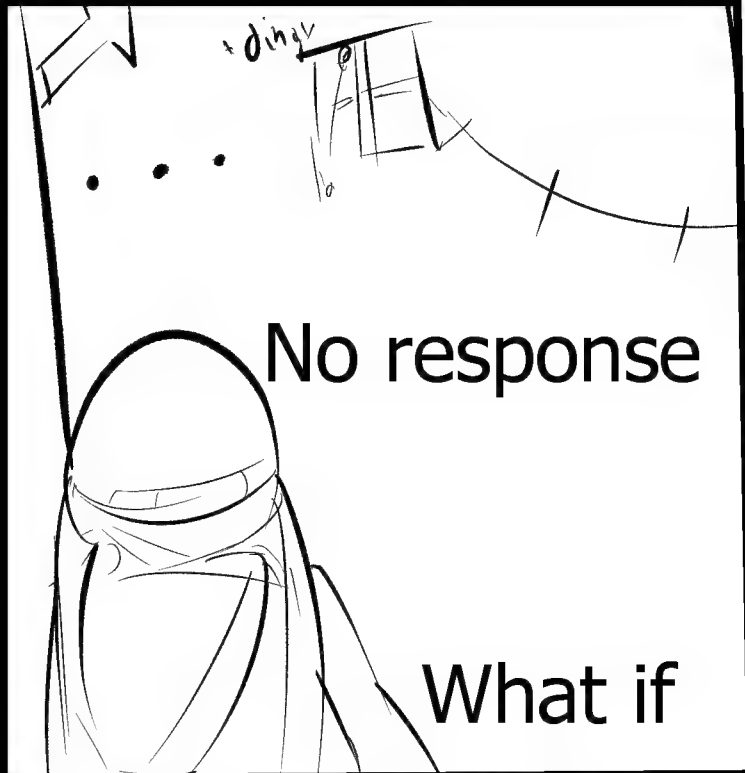

Careful...
Just need
to find a
little...

+ rustle +

I hope
my aim
didn't
atrophy
too

+ throw +

Wait Ragnarok,
I didn't mean-

Heh, maybe
this will improve
your music
taste!

You little hellspawn!

I'll refill
your reading
list for that!

You think
you can win
this game,
porkchop?

STOP!

A black and white manga-style panel showing Maka and Crona. Maka is on the left, looking towards Crona on the right. Crona is looking back at Maka.

We aren't supposed to talk through the window or make any noise

Tch nice job waking up all the neighborhood with your cry then!

A black and white manga-style panel showing Crona's face. He has a wide-eyed, surprised expression.

Crona! You are alive, and standing on two legs!

Y-yes, shouldn't I be?

A black and white manga-style panel showing Maka laughing. She has her mouth open and eyes closed. There are some scribbles around her head.

Haha... No I'm just joking around, I would never seriously think...

A black and white manga-style panel showing Crona smiling. He has a confident, slightly mischievous expression.

Anyways, I'm here to get you ungrounded

A black and white manga-style panel showing Maka looking down. She has a somewhat sad or thoughtful expression. There are some scribbles around her.

Oh...Ah thanks Maka, I appreciate it, I really do

but I think I deserve my punishment

A black and white manga-style panel showing Crona looking down. He has a serious expression.

So I'll better sit this one out...

Oh...But how can you take it!

Crona dear,
I brought more!

I-I'm
coming

W-wait a moment

Oh no, they
must be here for
a torture session!

No, I wouldn't
say I'm treated
that badly here

I can even leave
the lights on not
like...Back
with her...

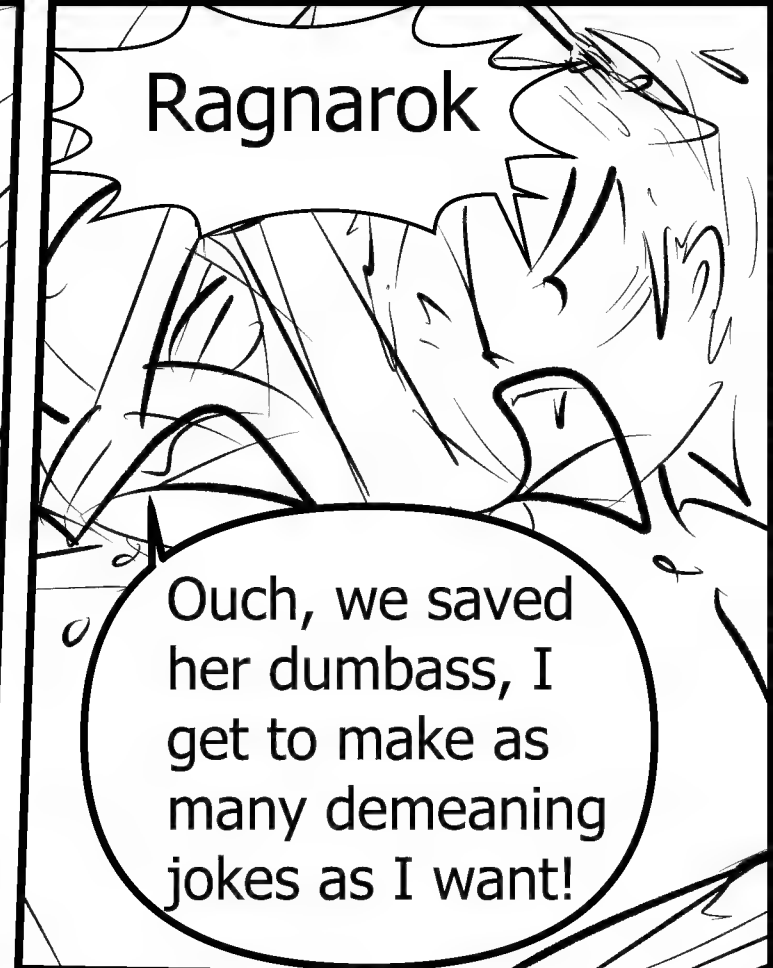

Maybe this
is a Hansel
and Gretel
situation..

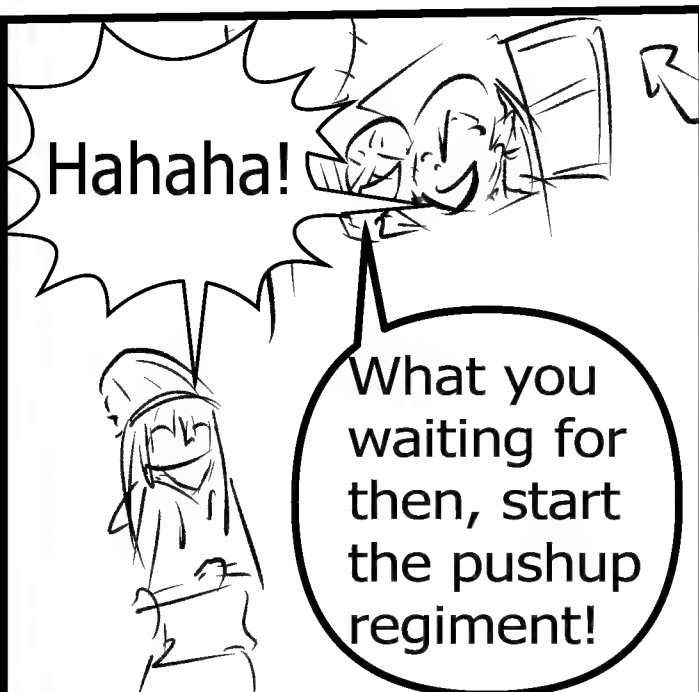

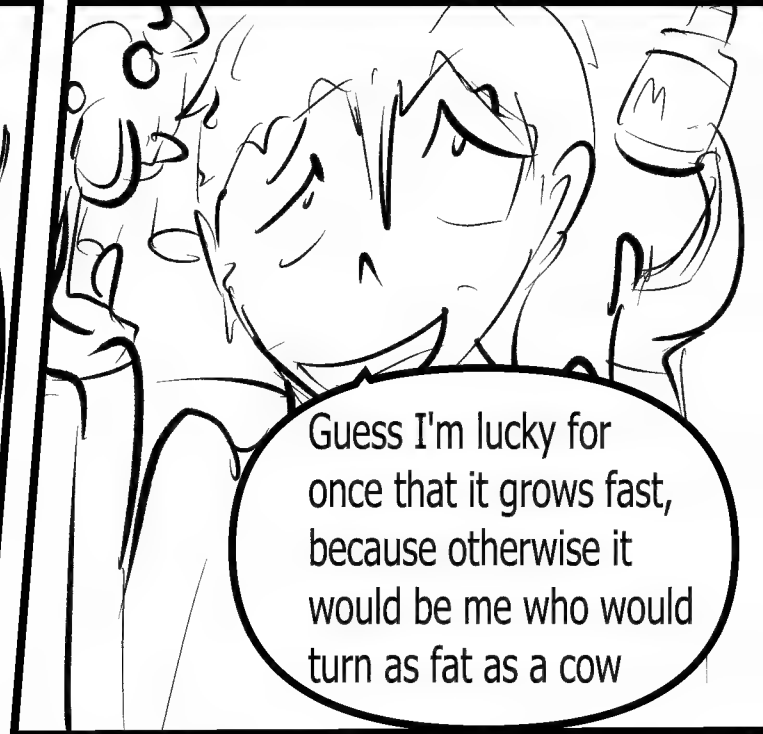

Do you
want a
piece? I
bet mom
wouldn't
mind
sharing a
slice if you
asked

You never know
with Scandinavians,
guipi!

I wish,
but that
would blow
my cover

Heh... Yeah he sure does...

D-did I say something wrong? I know balding is a sensitive topic but I didn't expect that you-

No it's Ox, he-

and then-

recoup noises

so-

Oh... So that's what happend...

No wonder, experiencing something like that could make anyone act rashly in their haircut choices

I-I'm sorry for cutting it!

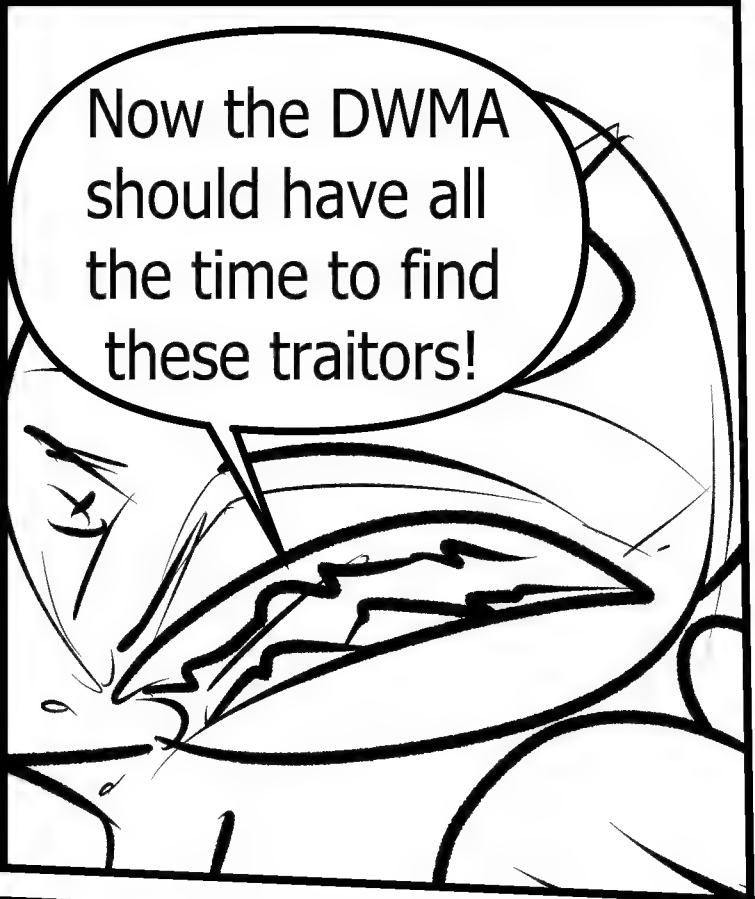

I-I mean it's your hair, even if I liked how it was before, it was more cute-

I-I mean- Yeah Kim, who would have thought

I wonder where they all are now

Now the DWMA
should have all
the time to find
these traitors!

Well they didn't search
for us when we were

However her being
a witch that deserted
with a bunch of other
students could be
seen as quite serious

I would say that I hope
for the best for them

but after they were
so cruel to you...

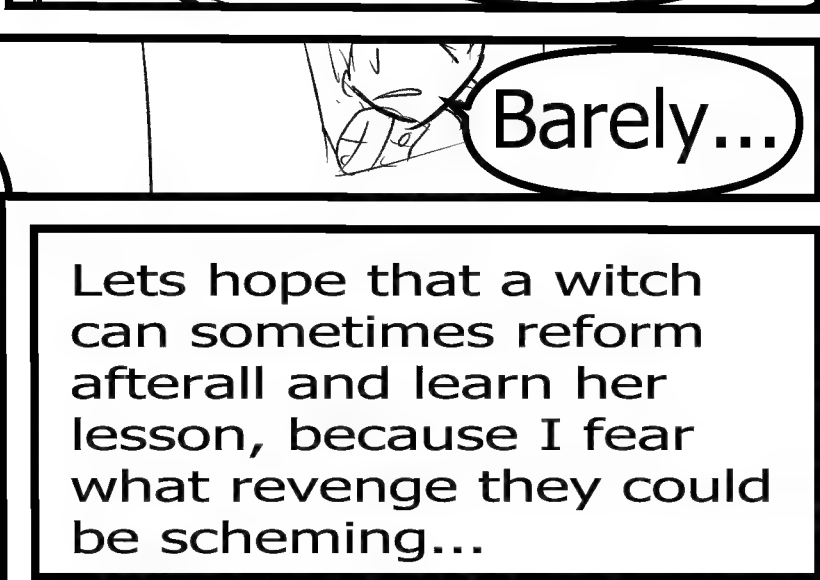

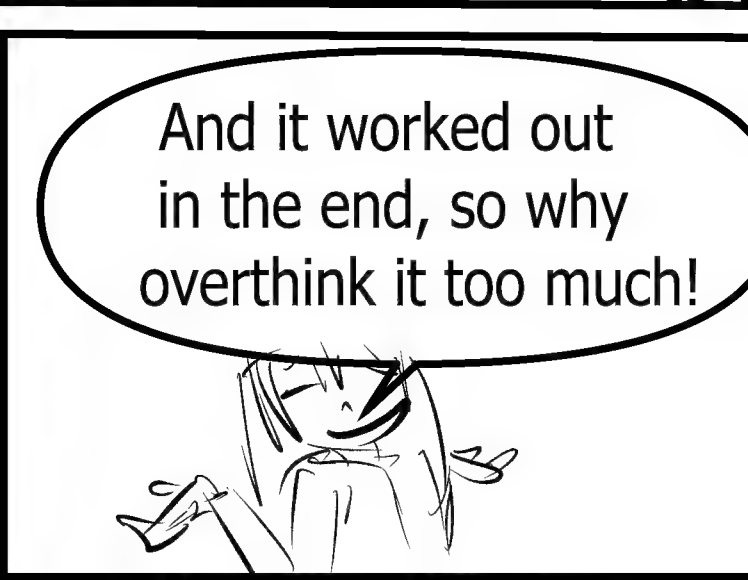

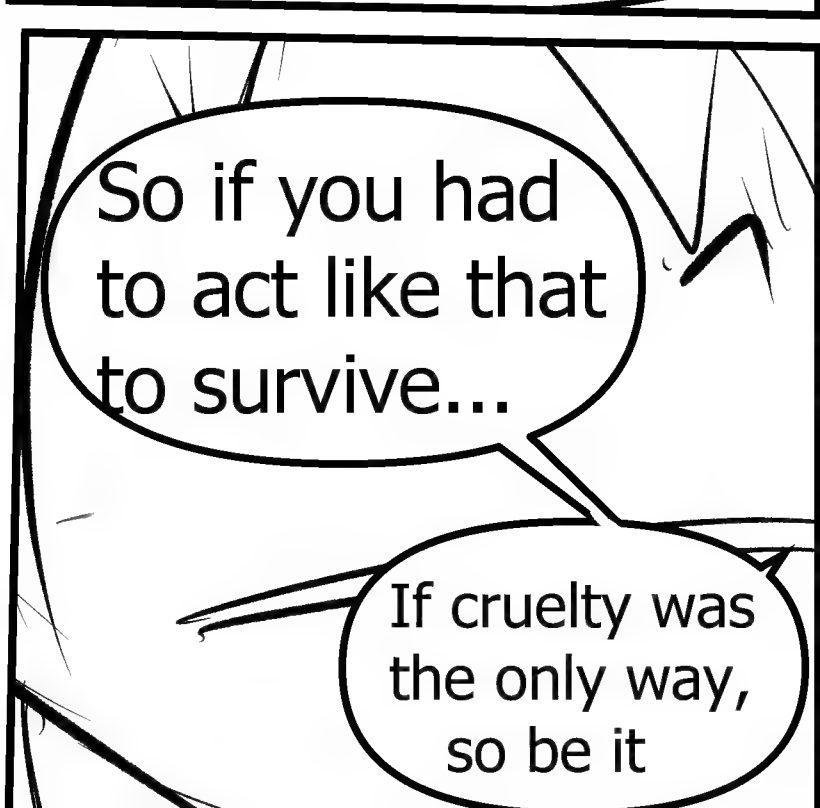

I'm
not
much
better
than
them

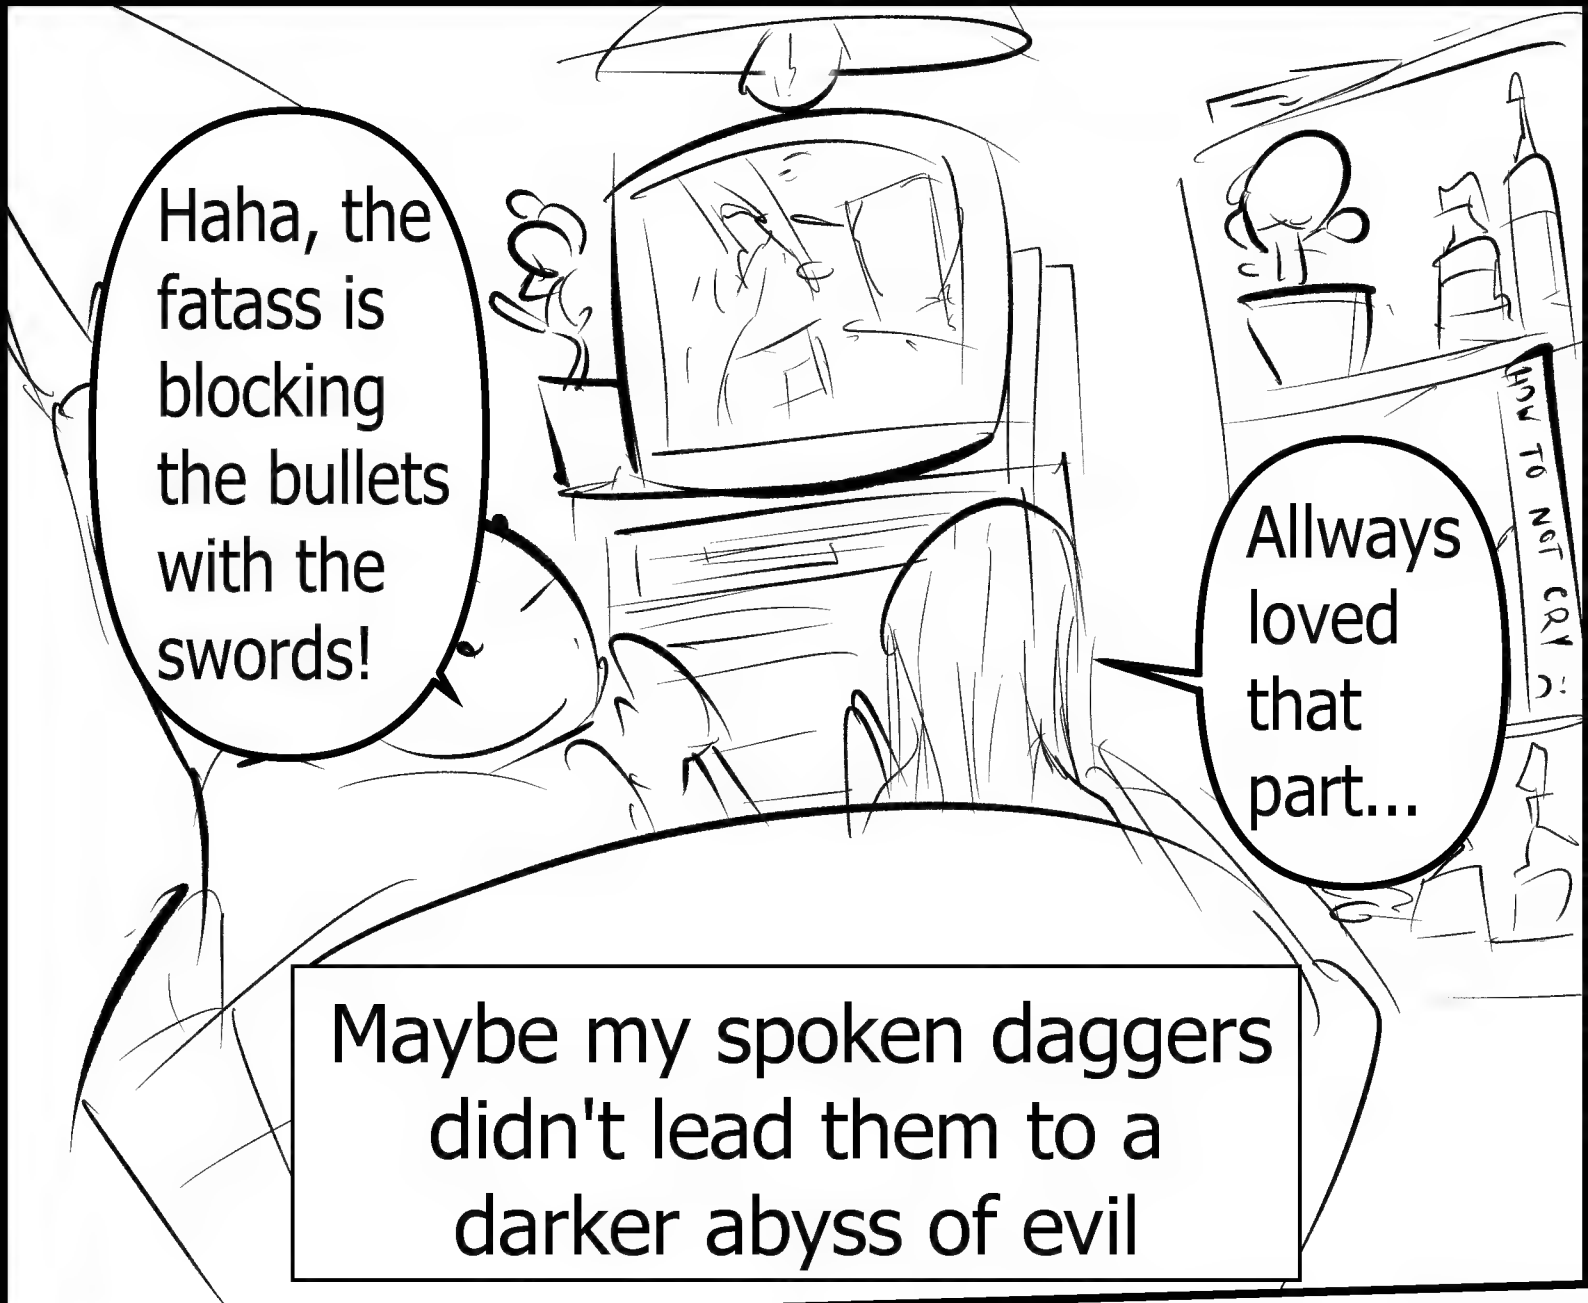

after how
I treated
the green
haired
witch,
denied any
mercy when
I easily
could have...

Well that was a life and death
situation against an enemy...

But I understand what you mean,
I pitied her to during my "interrogation"

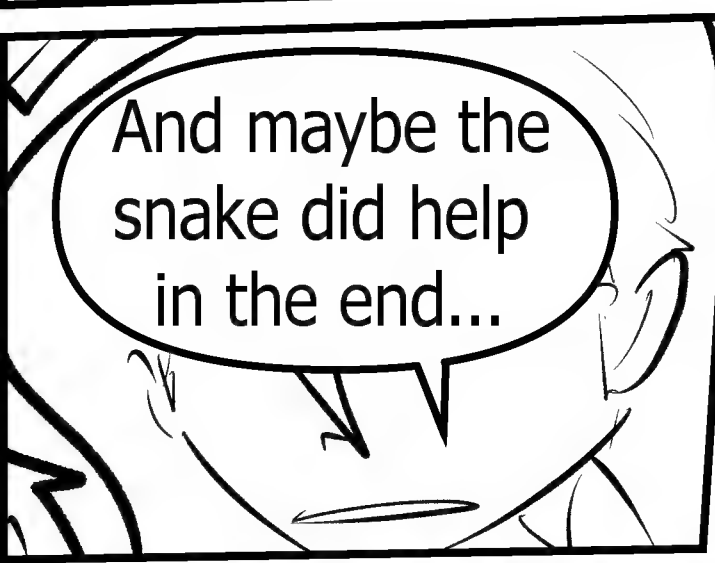

Haha, the fatass is blocking the bullets with the swords!

Allways loved that part...

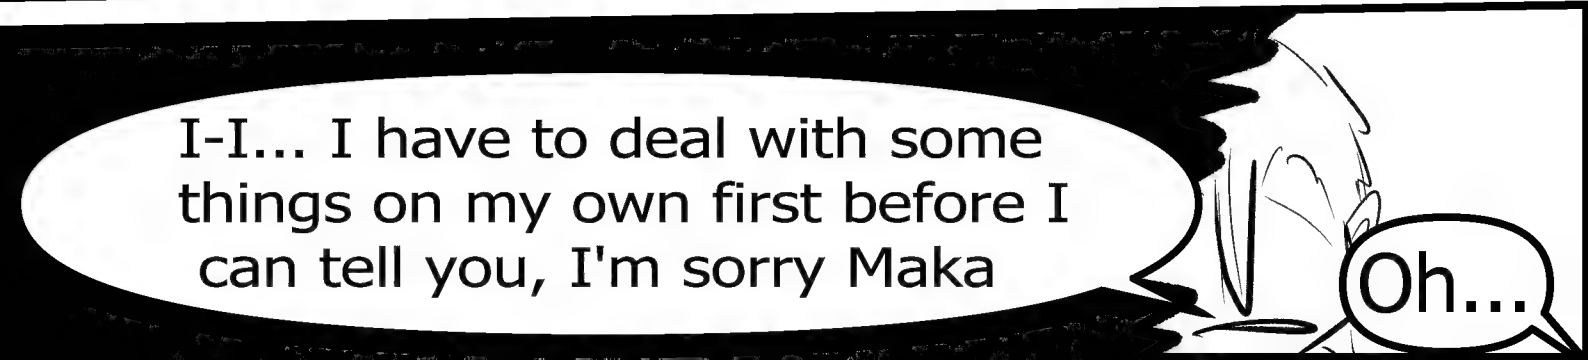

Maybe my spoken daggers didn't lead them to a darker abyss of evil

And maybe the snake did help in the end...

Oh, you didn't fully explain what happened in there

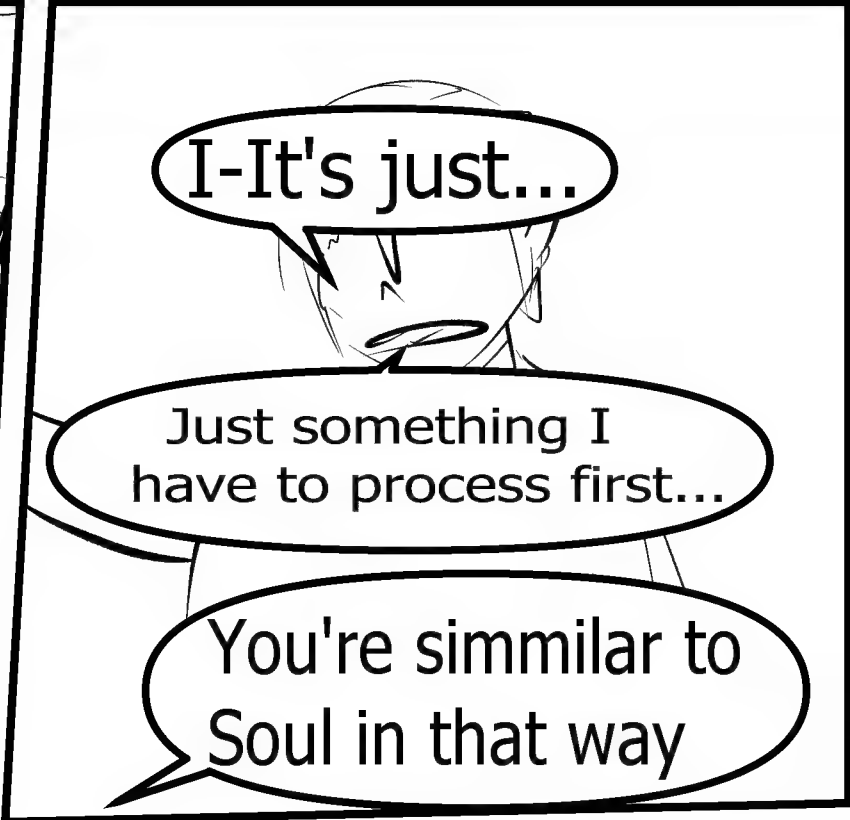

I-I... I have to deal with some things on my own first before I can tell you, I'm sorry Maka

Oh...

You know you can talk about anything with me

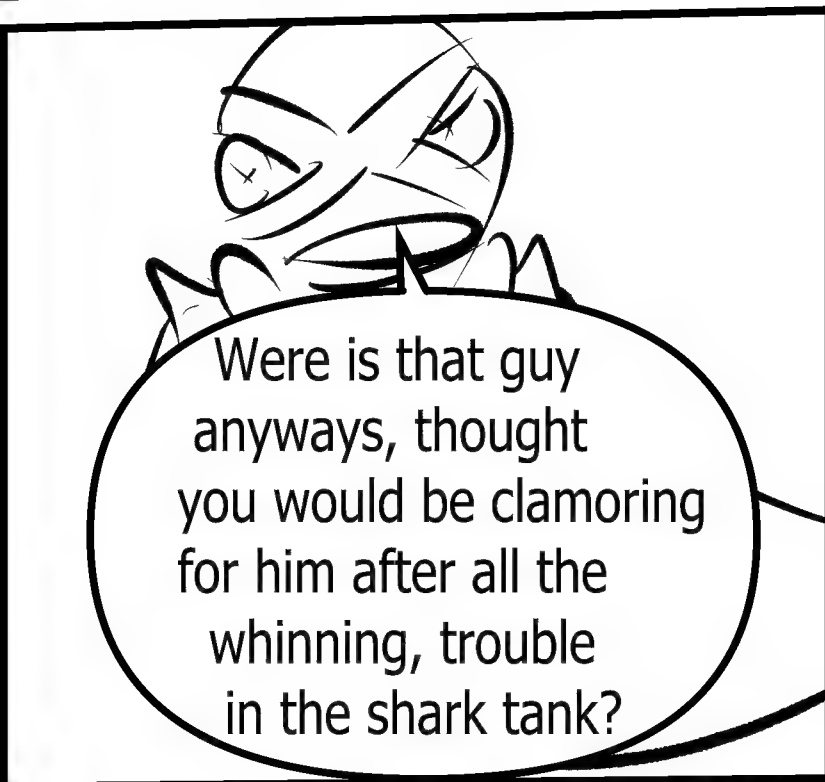

Y-yes but...

I-It's just...

Just something I have to process first...

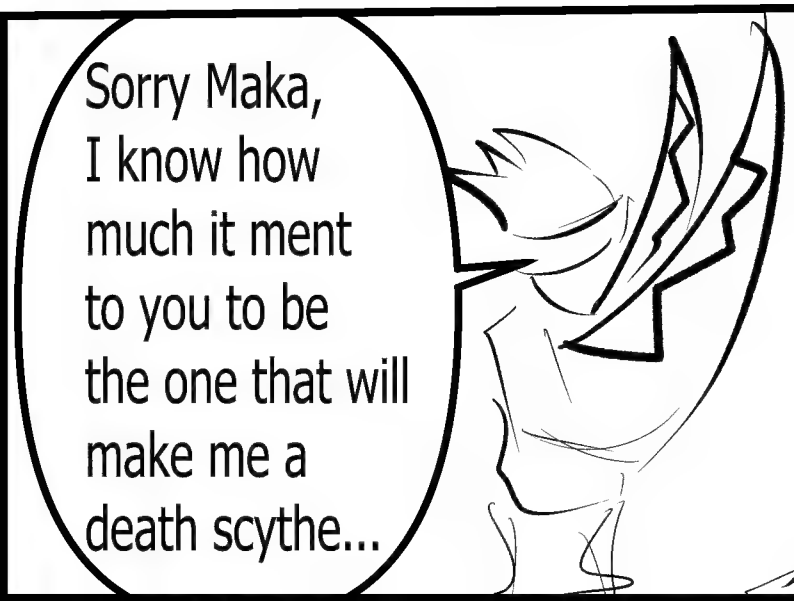

You're simmilar to Soul in that way

Were is that guy anyways, thought you would be clamoring for him after all the whinning, trouble in the shark tank?

No, it's just...

Sorry Maka, I know how much it ment to you to be the one that will make me a death scythe...

I-it's ok, anybody would have done the same in your situation, no big deal

With his new
status come new
duties and tasks,

so he has to
go to a meeting
today...

I know we
had our differences,
but thank you
for saving my
daughter

Hey, no need to
overpraise me, it
was a group effort

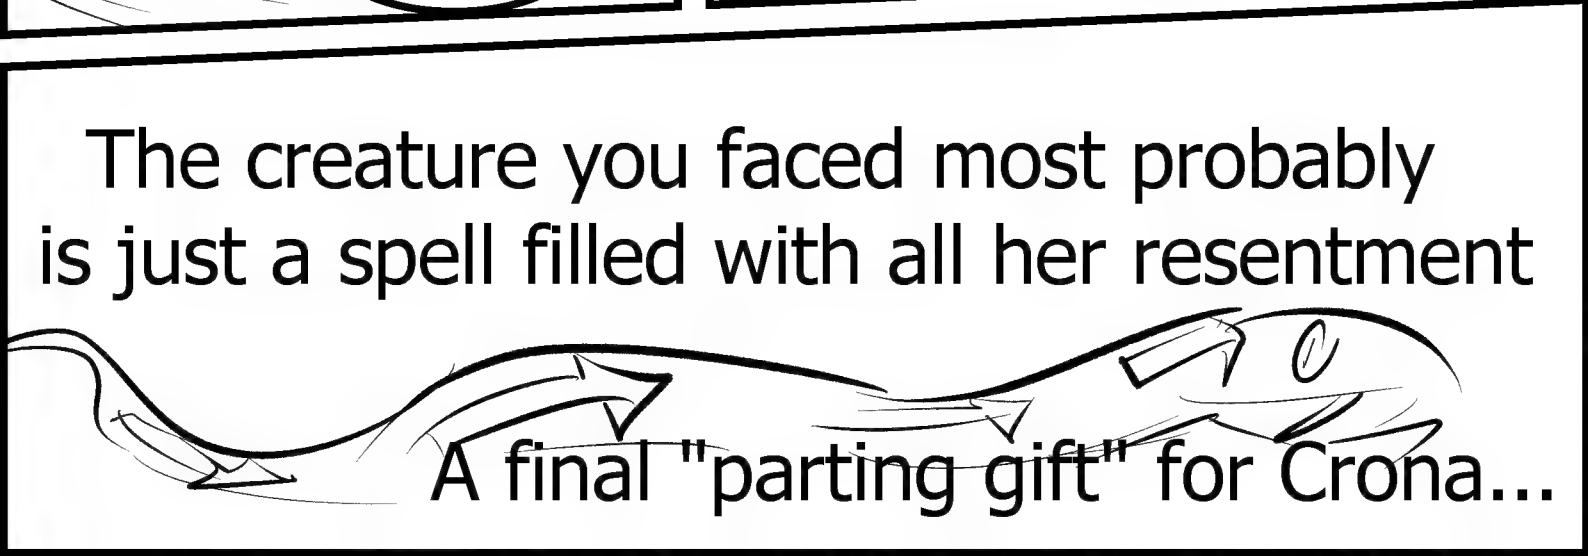

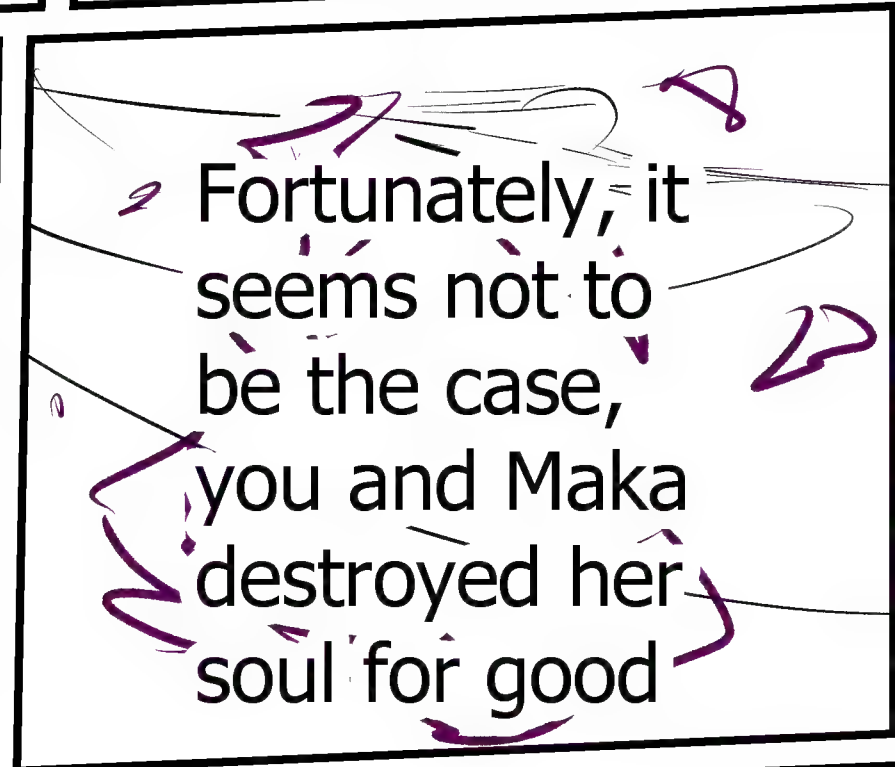

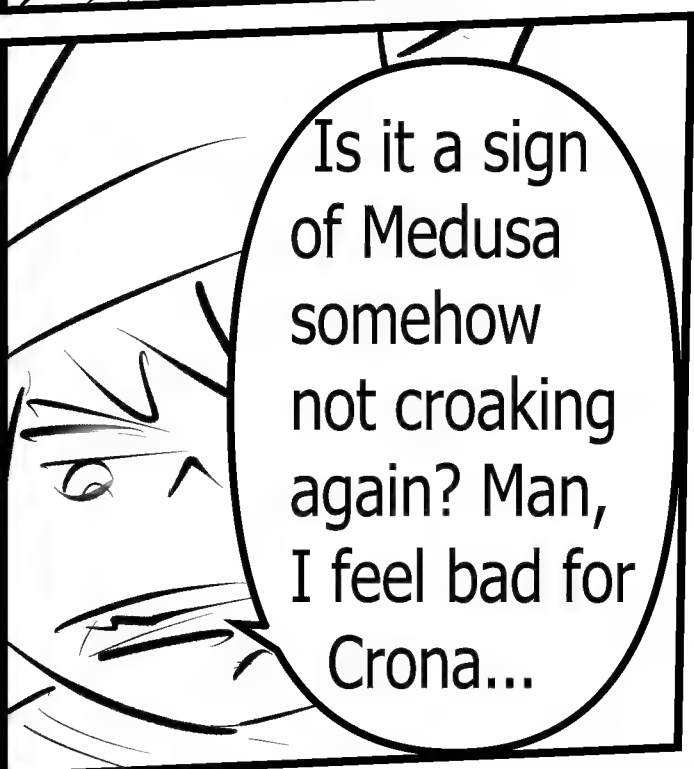

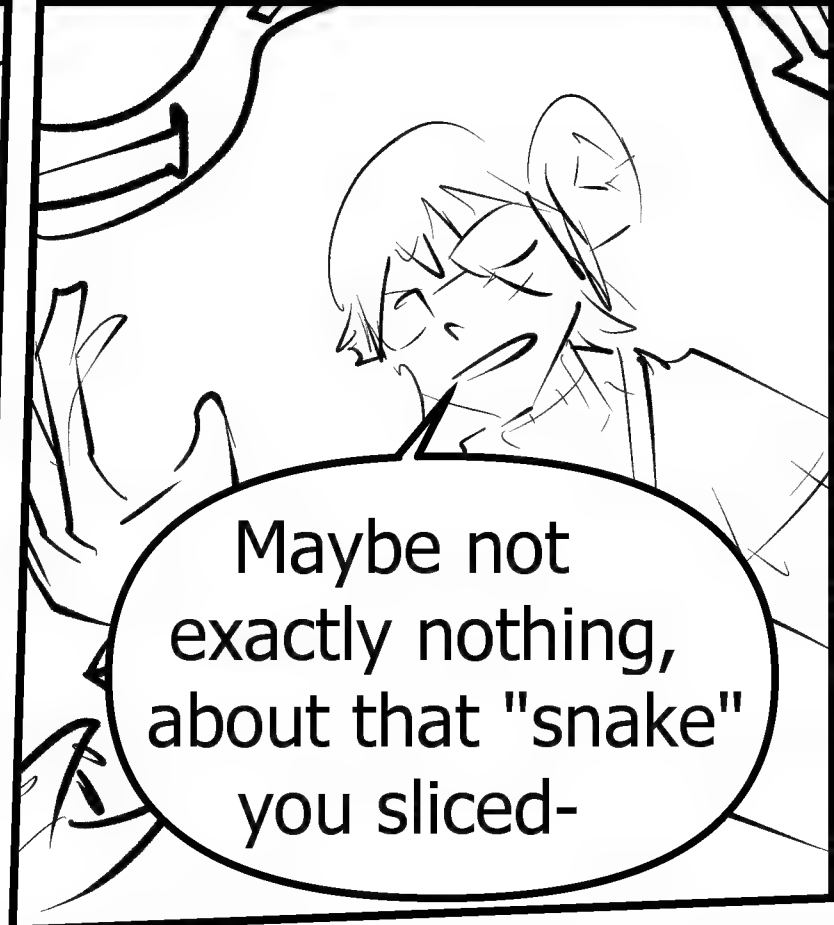

Already dodging
responsibilities?!

A fresh death scythe,
just lollygagging around
the world with no care!

Isn't that literally
what most do?

Don't get
clever with
me, boy!

Lord Death,
please, no
need for
that, (yet)

She must have been more paranoid than we thought to have prepared something like that in advance

Or maybe the Kishin's madness was so vicious that it let her manifest such a vengeful spell in her last moments

But no matter how it ocured...

It is probable that it will apear again

So even if it isn't Medusa herself

still torturing her own son after death

just the remant of her wickedness must be dangerous enough

Preliminary checks on Crona's soul do not show any lasting damage done to his soul

However he did inform me about something disturbing he was shown, how his madness was amplified by it

Medusa's posthumous goal must be to drive Crona into a state that will somehow let her achieve her goals, even after death...

Or maybe that "mother" wants to "punish" him and haunt him forever...

Either way, what a cunt of a mom

Watch your language!

Well, if it is the most accurate description...

The thought of my son being driven to insanity on purpose... It even makes me mad

Hm, maybe that's her plan *snort* And maybe Soul is Australian so it's ok for him to say...

Eh... What wise words Lord Death..

Any ways Soul,
you are dismissed

Waaah

About time, if
I make BlackStar
wait any longer
he'll start crying

x tock

Well well well

Look who had the
guts to show
himself afterall...

So, are you ready to...

do stupid shit
we'll regret
after the fact?

Hell yeah!

Up first, bungee
jumping without
the gum!

Guess
I'm going
into another
coma!

Scared? No
excuse, cause
even chicken
got wings!

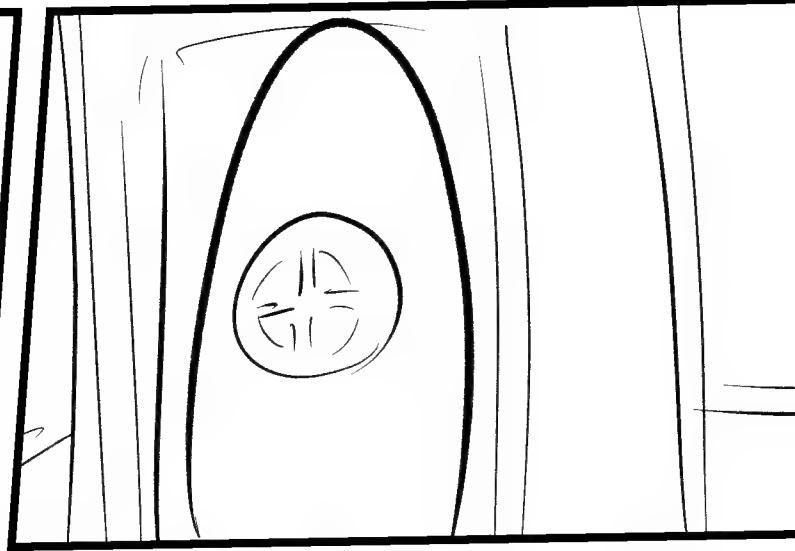

Eh, I could go
for some right
now...

We're in
Nevada
not
Kentucky

heh

Yehoo

Meanwhile---

xcrash

A TURN

*duh!
xhahahx

Finally...

I did it

I read all 4000
pages of it

Wonder what
I missed

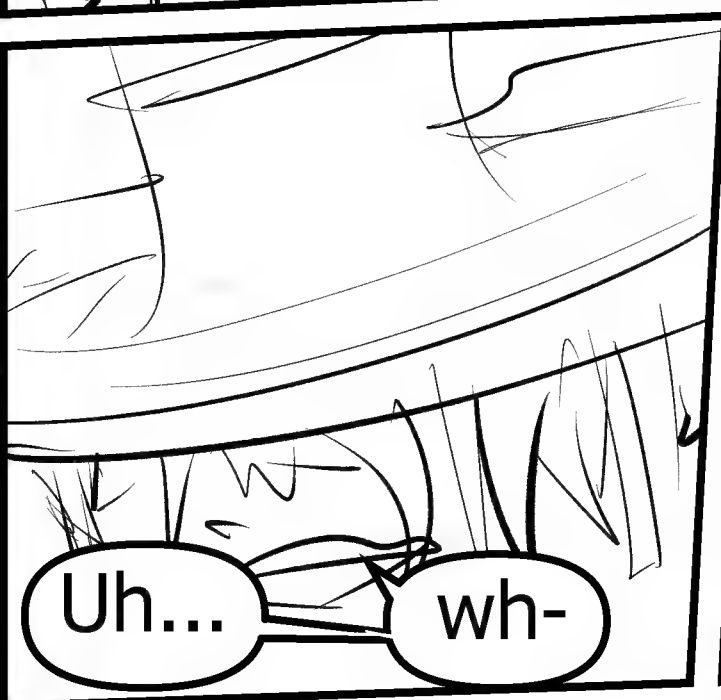

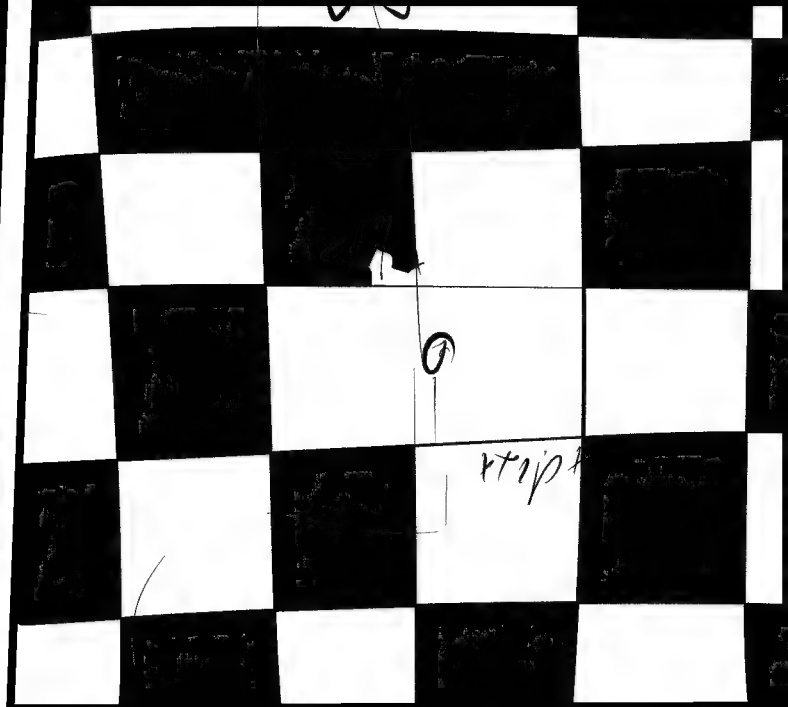

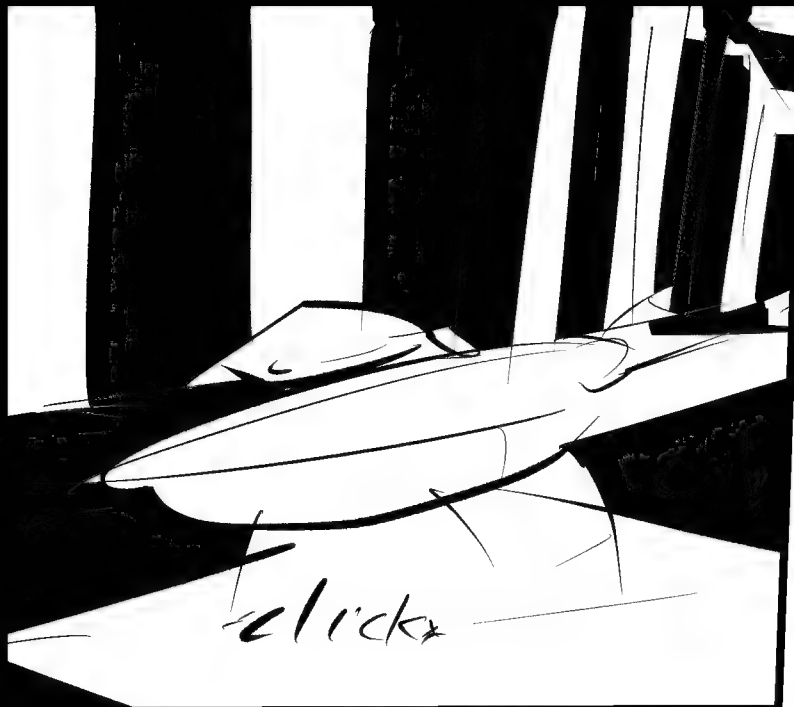

not much probably

oh*

I bet Patty is sleeping in
a cozier place than me

It's a crutch
for peasants,
fleeing from
terror

A crawl space
for desperate men
which will be found
out in a rush

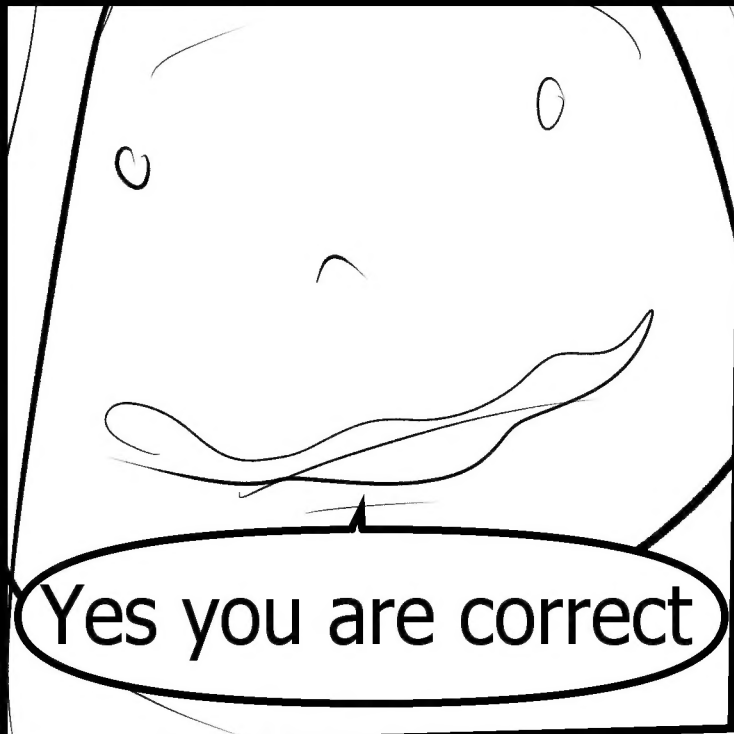

Or a dull knife that
will only lead to ones
own demise in a
desperate final attack

But for those
that rule from
above

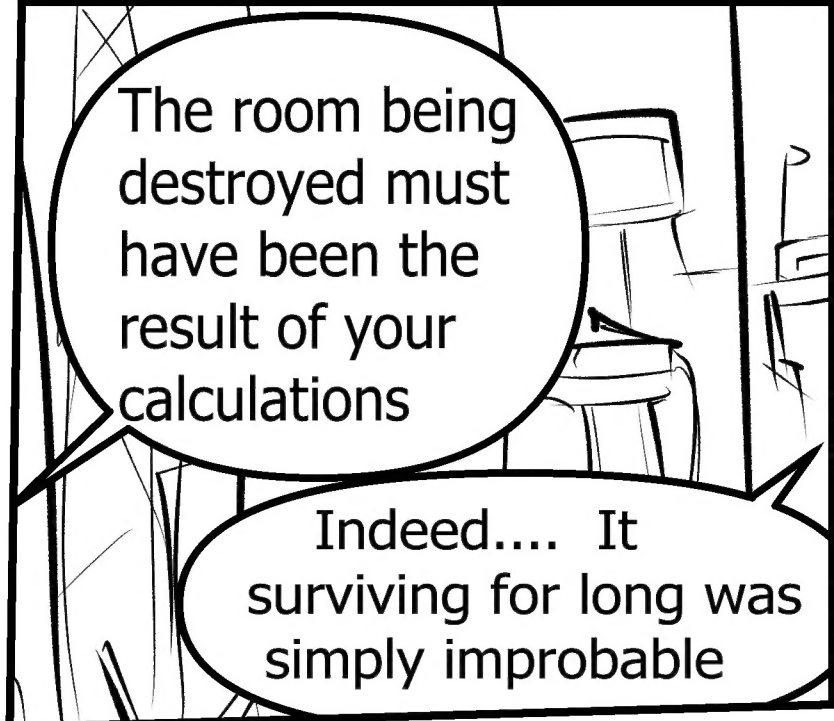

For us, no
room is needed
for escape or
solitude

When the
whole world
is our own
plaything

Our cocoon,
waiting to
burst and
reveal its
beauty

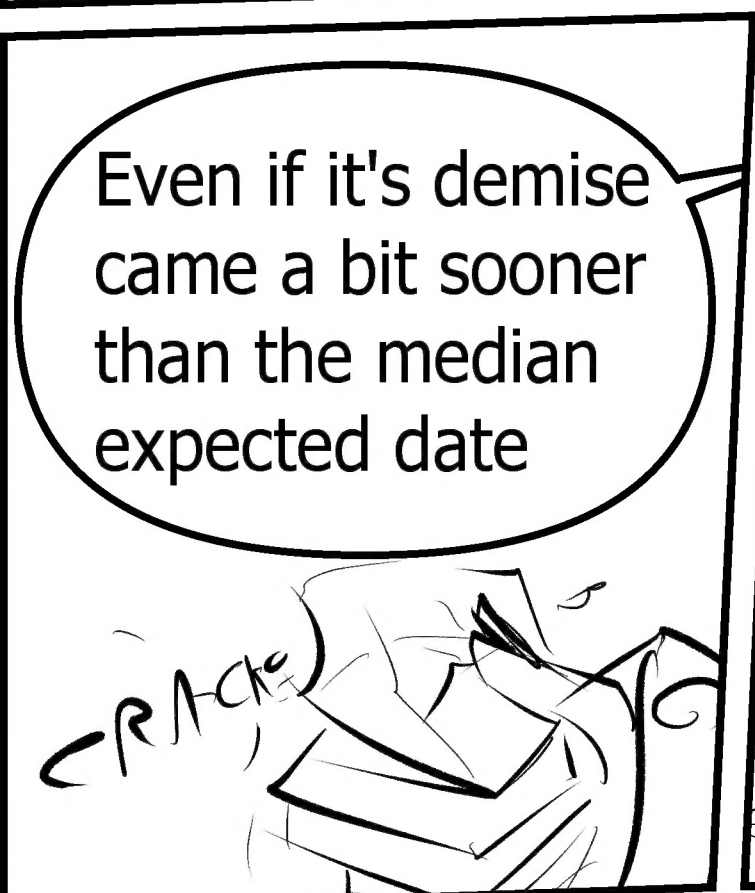

Yes you are correct

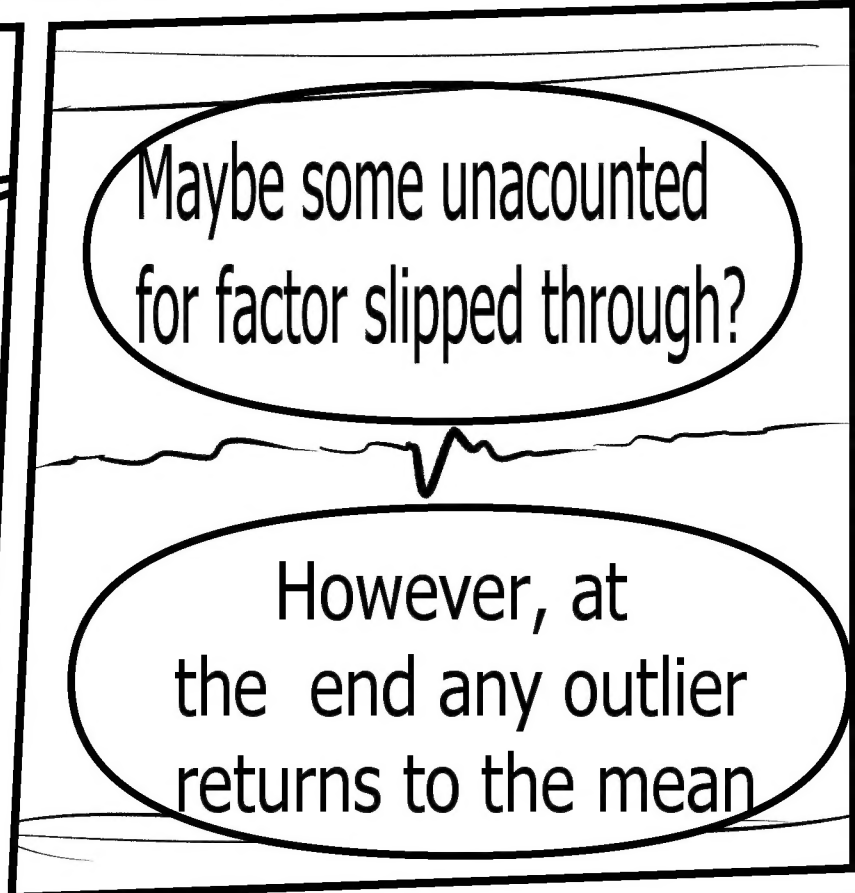

The room being destroyed must have been the result of your calculations

Indeed.... It surviving for long was simply improbable

Even if it's demise came a bit sooner than the median expected date

Maybe some unaccounted for factor slipped through?

However, at the end any outlier returns to the mean

And besides that, my little sister already played her part

to place the little reaper where we wanted

Wanna see it?

O-ofcourse,
to observe
any of your
deeds is
invaluable
data for
further
optimization

It is, even if at
this point, all
the demorilization, all
the manipulation...

it seems so easy, we
barely have to do anything
ourselves anymore!

back at Death City...

See you tomorrow...
If nobody shuts
down the window

Don't worry, I'll
just cut through
the bars!
